LEADERS FOR THE FUTURE

BACHELOR OF SOCIAL WORK

A NATIONAL TREND

Adult students are returning to college in larger numbers. Statistics show more than 50% of all students enrolled in undergraduate education are adults who have life and work experience.

UNION'S COMMITMENT TO YOU

Our program leading to a Bachelor of Social Work is designed for adult students with responsibilities and busy schedules. You can earn a Bachelor's Degree in Social Work (BSW) in as little as 24 months. Classes are conducted only one night per week, allowing you more time for work and family.

EDUCATION

A BSW degree prepares you for a career in which you help others succeed in the face of adversity. Union's nationally recognized faculty prepares students for careers in counseling, child welfare, community development, mental health, advocacy, and others.

FINANCIAL AID AVAILABLE

Although this is a non-traditional program, financial aid is still available to qualified

applicants. For example, some students qualify for Stafford Loans and Pell Grants. Union University's financial aid counselors can help you determine the possibilities.

THE IDEAL CANDIDATE

This program is suited for students at least 24 years old, with two or more years of college credit, and at least two years of relevant work experience.

COULD THIS PROGRAM BE FOR YOU?

SOCIAL WORK: VOICE

"Attending Union University was one of the best decisions I ever made. Going back to school can be challenging when you are older. The Union University Social Work Program worked well for me because it was flexible and I was able to balance work, family, and school. I began my career with confidence and a sense of security, because the Social Work Program had given me the necessary tools to excel in my field. Within two years I received a promotion, and have just recently completed a master's degree in social work."
