

ACCEPTANCE TO UNION'S MSW ADVANCED STANDING PROGRAM IS PROVISIONAL

Provisional acceptance to the Advanced Standing program means there are two items of evidence still outstanding to complete your eligibility for the program.

1. You must submit a copy of your final BSW Field Evaluation. If you are in a block BSW field placement now, please send a copy of your mid-term evaluation. You may send the final evaluation at the completion of the placement. If you completed a field placement in the fall semester, please send the fall semester's final field evaluation. If you have graduated, please ask your field office at the BSW program you attended to send a copy of the evaluation to Union.
2. You must complete the Bridge Course to be held in August, as the letter indicates. Details of this course will be posted on the MSW web page and distributed by mail when the syllabus arrives during June.

You are one of many, many applicants interested in the Advanced Standing Program at Union. We wish to make this opportunity available to prospective students who are moving positively toward the MSW degree, as evidenced by their solid field experience and success in the summer Bridge Course. We look forward to getting to know you better.

Janet E. Furness, LMSW, ACSW
Director, MSW Program
