Requirements for Progression in the BSN Program

The student enrolls in the courses in nursing education according to the prescribed sequence. At least a C grade in each clinical nursing course is required for progression in the nursing curriculum. Students who receive a grade of less than C in any clinical course may not proceed to the next clinical course until the failed course has been repeated with a final grade of C or above. Nursing courses may be repeated only once. Permission to progress must be obtained from School of Nursing faculty and will be dependent upon meeting course prerequisites and corequisites. In non-clinical nursing courses, a grade of C or above is required. A student who receives a grade of D or below will be allowed to repeat the non-clinical course the next time it is offered in the scheduled sequence of courses. A student who receives a grade less than C in two nursing courses will not be allowed to progress in the Nursing Program. To progress to the final year of the program, a student must have a minimum GPA of 2.0.

Continuation in the program is also contingent upon compliance with ethical and professional standards of conduct. Students who remove school or hospital property without permission will be subject to immediate disciplinary action. Graduation requirements follow the guidelines of Union University.
