Believing in the promise of Romans 8:28, that “all things work together for the good of those that love Him and are called according to His purpose”, I join the faculty at Union University with a joyful heart. I truly believe that through God’s Sovereign grace, I have been prepared for such a time as this! I am so blessed to be able to return to my alma mater and integrate my clinical practice with the classroom and my belief that Jesus Christ is Lord!
