

Dear Students:

Many pharmacy practice training sites require that students maintain the same level of health screening and immunity required of their full-time employees. Therefore, all pharmacy students must complete the Union University Health Form, the Physical Examination Form, and the Immunization Form prior to beginning pharmacy practice experiences.

The **Union University Health Form** and the **Physical Examination Form** can be completed by your physician or by a health provider at Union University Health Services. Physical examinations provided by Union University Health Services are available to all students at no cost.

The **Immunization Form** lists the immunizations or titers required. All required immunizations and titers are available through Union University Health Services for the fees listed below. Immunizations and titers can also be obtained through your physician, local health department, or other agencies. If you have not had a tuberculin skin test in the previous year, we suggest that you have this test through Union University Health Services during or shortly after pharmacy orientation.

- A. Measles (rubeola), Mumps, Rubella (MMR).** Students must provide proof of immunization for measles (rubeola), mumps and rubella or of a positive titer.
Vaccination available through Union University Health Services: \$65 (pricing subject to change)
Titer available through Union University Health Services: \$30 (pricing subject to change)
- B. Chicken Pox (varicella).** Students must provide documentation of a history of chicken pox (varicella) or positive titer.
Titer available through Union University Health Services: \$30 (pricing subject to change)
- C. Hepatitis B.** Students must provide proof of Hepatitis B immunization or immunity.
Vaccination available through Union University Health Services: \$65 each in series of three (pricing subject to change)
- D. Tetanus, diphtheria, acellular pertussis (Td/Tdap).** Students must show proof of immunization within the pasts 10 years.
Vaccination available through Union University Health Services: \$65 (pricing subject to change)
- E. Tuberculin Skin Test.** Proof of a negative tuberculin skin test is required **annually**.
Annual skin test available through Union University Health Services: \$5 (pricing subject to change)

If you have questions regarding these health forms or requirements, please contact Josh Clarke at 731-661-5979.

Thank you.
