Collaborative Agreement for Partnering with Union University Transitional Licensure Program

At least one representative from _____ School

System has met with the Assistant Dean for Teacher Education from Union University regarding the proposal for Transitional Preparation for Licensure that will be submitted to the Tennessee Department of Education. The proposal has been fully discussed, and we agree to partner with Union University in this plan. We understand that Union is not the only institution in the area that will be offering Transitional licensure, but we will alert any alternatively licensed teacher candidates for our system that Union is an option for them to consider to complete initial licensure requirements.
