Our understanding of “productive” has changed. Before parenthood, Amy and I prided ourselves on efficiently completing long To Do Lists in short periods of time.

However, things are much different now. With a toddler around, life feels like a 45 record being played on 78 speed (for those of you who remember what a record album is!). Life is fast and furious. But when it comes to productivity and accomplishing even the most basic of tasks, it seems just the opposite—we often feel like we are stuck in slow motion.

There was a day when accomplishing dozens of tasks in one day was a breeze, but with 21-month-old Jack we can’t get things done like before. Granted, he wants to help do everything, but his kind of help sure does slow things down. He loves to help unload the dishwasher, but taking one fork to the drawer at a time...

(continued inside)

First of all, it is with humility and pride that I begin my term as President of the Alumni Association. To my knowledge, I am the first President to have graduated from Union 21 years after graduating from high school! I chose to attend Union to complete my accounting degree while being a wife, mother and working full-time. My diploma is a prized possession! I was in awe of the people I was associated with at Union when I graduated in 1988 and continue to be in awe today. Union University is not only a beacon in the Jackson community but literally worldwide. It has shaped the lives of thousands of young people (and some, like me, not so young) in the past and we pray will continue to do so for generations to come. We, as alumni, have a vital role in making sure that happens by supporting our university with our gifts and by encouraging prospective students every opportunity we get. I am grateful for the opportunity to serve and look forward to the exciting times ahead as we strive to carry the Union tradition forward and uphold the standards for which it stands.

Judy is a CPA at Arnold, Spain, Truett, & Hewitt, PLLC in Jackson, TN. She and her husband, Gil, live in Humboldt. They have 2 children, Russ and Amy.
Alumni Spotlight

Steve Gaines, a 1979 Union University graduate, is the new pastor of historic Bellevue Baptist Church in Memphis, Tenn. The 29,000-member church voted July 10 to call Gaines to succeed Adrian Rogers, the church’s pastor of 32 years who retired earlier this year.

Gaines and his wife Donna (’80) are active Union alumni—hosting recruiting events for the state of Alabama and supporting alumni chapter meetings. The couple has spoken at numerous appearances on Union’s campus. Steve currently serves on the Board of Reference. The couple’s oldest son, Grant, graduated from Union in May. Their daughter Lindsey is an incoming freshman at Union this fall. They also have a 15-year-old daughter, Alison, and a 12-year-old daughter, Bethany.

UU SPORTS

The construction of a new lighted soccer field with Blue Tag Certified 120 Bermuda turf is close to completion. Also in the works is a new 18,000-square foot field house to support the soccer teams, men’s baseball and women’s softball teams. The facility will include a 9,000-square foot turf room, locker rooms and showers for each home and visiting team, coaches offices and an athletic training room. In addition, Union has launched a women’s soccer program. Funding for the soccer program and the field house has been provided by gifts from university friends and the athletic booster club. The lead gift of $500,000 was provided by Benny and Norma Fesmire and the Fesmire Foundation. Union is seeking additional donations. If you would like to help fund these athletic projects, call Tommy Sadler at 731.661.5218.
