Buster the bulldog has made a resurgence after recovering from a knee surgery which sidelined him from attending Union games. In addition to returning to serve as Union's mascot, Buster has a new caretaker. Union Enrollment Counselor, Rob Dixon adopted Buster from former owners, Todd and Amy Brady. Buster will celebrate his ninth birthday this year which will put him well into his golden years for an English Bulldog. Buster enjoys attending Union basketball and soccer games because he loves the attention from his fans. His main hobbies include sleeping, eating, and slobbering on floors and furniture. Buster loves younger Bulldog fans so remember to bring your children over to meet him at the next Union event!

A Message From Your Alumni Association President

Time passes so quickly. My first year as president of the National Alumni Association has flown by. The Saturday Homecoming events in February were cancelled due to inclement weather but that only gives us more time to anticipate and to participate in Homecoming this November. Yes, this will be the first time in several years that Union Homecoming will take place in the fall. I hope you will plan now to come back to Union and be a part of all the activities. As time approaches, you will receive further details. If you do not regularly visit the Union website, I encourage you to set your default web browser to www.uu.edu. The website is a wonderful place to keep up with what’s going on at your alma mater. There is an excellent presentation on Union 2010—“A Vision for Excellence”. It provides not only an overview of what the Vision is, but has videos, webcams, and pictures so you can experience real time what’s being accomplished. We can all participate in Union 2010 by praying for the success of this project, by giving towards its financial requirements and by taking time to tell others of our University.

Judy Fletcher
Union University National Alumni President
Class of 1988

Where’s Buster?

Buster the bulldog has made a resurgence after recovering from a knee surgery which sidelined him from attending Union games. In addition to returning to serve as Union’s mascot, Buster has a new caretaker. Union Enrollment Counselor, Rob Dixon adopted Buster from former owners, Todd and Amy Brady. Buster will celebrate his ninth birthday this year which will put him well into his golden years for an English Bulldog. Buster enjoys attending Union basketball and soccer games because he loves the attention from his fans. His main hobbies include sleeping, eating, and slobbering on floors and furniture. Buster loves younger Bulldog fans so remember to bring your children over to meet him at the next Union event!

Join Our Email List!

The LINK will soon be available as an online publication. The first 100 people to join our email list will receive a FREE Union keychain! Go to http://www.uu.edu/resources/alumnifriends and click “Join our email list”. Stay connected!
Alumni Spotlight

One Union alumna is making her dream come true by combining her artistic flair with an inspired motivation. Holly Schnaubelt Couch, a 1994 graduate, began creating unique handcrafted jewelry in 2003 with a single goal in mind—to give the opportunity of a lifetime to deserving young people. A percentage of proceeds from her jewelry sales are donated to the Holly Couch Scholarship Fund. Upon her husband’s post-doctoral graduation in 2007, one hundred percent of Holly’s profits will fund her scholarship and other charities. “I have held dear the opportunities and experiences I had but are financially unable. I want to help students who desire higher education and the idea of being able to express myself artistically for a meaningful cause is so exciting to me.” You can visit Holly’s website and purchase her jewelry at www.thehollycouchcollection.com.

Getting Marriage Right: Realistic Counsel for Saving & Strengthening Relationships by Union Professor David P. Gushee, Ph.D.

Getting Marriage Right explores what has happened to the increasingly frail institution of marriage. This book calls the church to rethink marriage and divorce. It offers a theology of marriage around the themes of creation, covenant, kingdom, and community. It is an important resource for starting a marriage ministry in local churches and is full of concrete ideas for strengthening marriage relationships. It provides both theological and practical clarity about how Christians can “get marriage right” in these tough times. Available from Baker Book House and amazon.com. Sold locally at Lifeway Christian Store.

Bulldog Pups!

Hailey Elizabeth Jackson
Future Class of 2030 – Daughter of Paul (Adjunct Professor) and Janet Jackson
Sister of Garret Jackson (’04) and Lindsey Nicole Carson (graduating this May)

Bill Smith (’70), minister of music at Woodland Baptist Church in Peoria, Ill., has helped recruit Union students for more than 30 years. “I think our first recruit was Susan Craig Ray (’79). There were lots more but I will certainly miss names if I try to get everyone.” Bill’s love for Union began after a high school guidance counselor suggested he check out a school whose name he had never heard. After 30 years, he has not lost his passion for telling prospective students about Union. Even this fall, a young lady will start her freshman year at Union because of Bill’s continuing message.

Glimpses of ’06 Homecoming

Union License Plates

Have you ever driven down the road and seen a license plate from a college or university and wished you could show pride for your alma mater in the same way? If you live in Tennessee, display your school spirit by contacting your local county clerk office for a Union University license plate. Drive with pride!

UU Sports

The 2005 fall athletic season at Union ended with some major successes. The men’s and women’s cross country teams won the TranSouth Conference Titles for the second straight season. Both teams also finished third in the NAIA Region XI Meet with three individuals qualifying for the NAIA National Championship. The men’s soccer team advanced further than any other team in Union’s soccer history. Union advanced to the NAIA Region XI Tournament championship game before losing to eventual national champion, Lindsey Wilson College. Union volleyball completed their first season under new head coach Steven Gream, who led the team to a winning record and an appearance in the TranSouth Conference Tournament. After many hours of preparation and planning, Union completed their inaugural season of women’s varsity soccer. Head Coach Brandon Boylan led the team to a four wins (4-11-1) in the season.

Union wrapped up a very successful basketball season. The men won their second straight TranSouth Conference regular season title, while the women earned a runner-up finish in the regular season. Both the men’s and women’s teams combined spent 23 of a possible 24 weeks ranked in the NAIA Top-10. The men earned a No. 1 ranking in the NAIA polls for a week in January - marking the first time a Union men’s basketball team reached the top spot. The men are looking to defend their 2005 TranSouth Tournament Championship and will compete in their eighth NAIA National Tournament appearance in nine years. The Ladies, in a season following their 2005 NAIA National Championship, are putting up yet another sensational year and are geared up for another run at the title. This season will mark the 17th all-time appearance in the national tournament for the Union Lady Bulldogs. Only one team has made more appearances.

Spring sports are off and running! In addition, the completion of the new varsity soccer field, along with the progress on the new Athletic Field House, soccer grandstands, and soccer press box, bring even more anticipation to the upcoming months at Union. For athletic news, stats, schedules, results and more, visit www.uu.edu/athletics.
