EDUCATION SPECIALIST IN EDUCATIONAL LEADERSHIP

Available on the Jackson and Germantown Campuses

Program Purpose

The purpose of the Education Specialist in Educational Leadership is to prepare leaders who will make a difference as moral agents and sensitive social advocates for the children and the communities they serve; who will focus on the central issues of learning and teaching and school improvement; who will make strong connections as they reflect Christian values with others as individuals and as members of the educational community.

Objectives of the Program

Students in the Ed.S. in Educational Leadership Program will:
1. Demonstrate within their disciplines advanced knowledge and skills.
2. Display competency in the critical evaluation of issues, trends and methodologies.
3. Demonstrate the ability to apply research that extends the body of knowledge in the field.
4. Enhance their ethical decision-making ability through an academic environment integrated with the Christian faith.
5. Build intellectual and moral knowledge to cope with a pluralistic world in order to better serve communities and their schools.

The objectives are met within the context of a set of standards developed by the Educational Leadership Constituent Council of the National Council for the Accreditation of Teacher Education (NCATE).

Assessment of Outcomes

Assessment of the Program Objectives follows the same procedures utilized for the other graduate degrees in education. The number of each objective to be assessed is listed in parentheses beside each means of assessment.

- Entry interviews conducted by an admissions screening committee (with university faculty and school system administrators) for the Administration and Supervision track of the Ed.S. (2,4,5)
- Coursework evaluations conducted for every graduate course, tabulated by the graduate office and shared with the instructors. (2,4)
- Coursework with teacher-devised assessments including small and large group discussions and exams, projects and papers (1,2,3,4,5)
- “Leadership Growth Paper,” the exit requirement of the degree program, employs action research relevant to leadership issues in the schools. (1,2,3,4,5)
- Oral presentation of the “Leadership Growth Paper.” (1,2,3,4,5)

Program Description

The Education Specialist (Ed.S.) in Educational Leadership is offered along two tracks: (1) Administration and Supervision (A&S), a licensure track designed to prepare school principals and supervisors of instruction; and (2) Curriculum and Supervision (C&S), a non-licensure track designed for school leaders who desire knowledge of concepts and strategies for school and classroom leadership. The degree is based on Union’s conceptual framework of A Teacher-Student Dynamic of Sensitivity, Reflection and Faith. Union University desires to prepare school leaders who are grounded in and committed to excellence in teaching and learning with values based on our Judeo-Christian heritage.

The Cohort Approach. The program accepts students in groups of 20-30 to pursue each course together in a cohort. Lifelong friendships are developed through this format, and learning takes place in a spirit of unity, rigor and cooperation.

Program Delivery. Students will be accepted into cohorts who will complete the program utilizing an innovative delivery system designed to meet the needs of educators. Ed.S. students will begin the program with a course offered on Saturdays in February and March, 8 a.m. – 2:30 p.m. over 5 1/2 Saturdays. The Summer term involves an intensive two months in which students complete 6-7 semester hours utilizing Saturdays in June and July, and mornings two days a week in June and July. Time is provided during the summer for library research, group projects, independent reading, and Practicum hours. In the fall, instruction occurs on Saturdays, 8 a.m. – 2:30 p.m. on 5 1/2 Saturdays for a course in September and October, followed by other courses offered on Saturdays in November-December, January-February, March-April, and May-June-July. Saturdays are utilized for courses offered January through May. The guiding principle is that students will complete one course before moving to another.

Administration and Supervision students begin the Practicum in their first summer if they are following Tennessee’s Standard Program Route (as defined in the Tennessee State Department of Education Guidelines for Administrator Endorsement). The Practicum runs the entire school year through the month of June. A full-time Internship, January through June, is required for A&S students following Tennessee’s Internship Program Route (as defined in the Tennessee State Department of Education Guidelines for Administrator Endorsement). Students and faculty maintain online contact during the intervening weeks and months in support of course assignments. Saturdays are also utilized for courses offered January through June. In June A&S students complete their Practicum or Internship and, with C&S students, present their Leadership Growth Papers. Also in June, A&S students take the Praxis II School Leader’s Licensure Assessment (SLLA) for “Beginning Administrator Licensure” and for graduation in August.

The Beginner Administrator’s License will qualify the candidate for an administrative position in the schools. If the candidate wants to qualify for the Professional Administrator’s License, he or she must be employed in
a public school administrative position. At that juncture, the Graduate Studies in Education Program enters into the approved follow-up process of mentorship with the public school system which allows the candidate to advance to a license at the Professional Administrator’s level.
