Campus Ministries would like to give you the opportunity to encourage your student with a gift while at the same time supporting the missions efforts that take place throughout the semesters. During the year we will see students participate in short-term mission experiences here in the United States as well as places like North Africa, Southern Asia, East Asia, Honduras, Romania, and many others. A care package will brighten your student’s day (whether on his/her birthday, after the successful completion of a difficult test, or just to say “hello”) as well as support our students’ involvement in what God is doing among the nations. While you cannot always be present, we would love to hand deliver a special care package to your student along with a personal message from you.

You may choose from four different care package options, and checks can be made payable to Union University. This brochure explains the available choices for care packages. You can mail your care package order as well as any special instructions and a personal message to Student Care Packages, Campus Ministries, UU Box 1802, 1050 Union University Dr., Jackson, TN 38305. If you have any questions, don’t hesitate to contact us. You may reach me at 731.661.5062 or lsmith@uu.edu.

Thank you for your ongoing support for Union University.
