

APPLICATION
FOR
ADMISSION TO
ATHLETIC TRAINING
PROGRAM

Admission Requirements for Athletic Training Program

Applicants will apply for entrance into the program by April 1 of their sophomore year in college. Each student must meet the following minimum criteria for acceptance into the program. Students will be competitively judged in comparison with the other applicants for the year. Only the top 15 applicants will be accepted for entrance into the Athletic Training Education Program each year.

- 1 Admission to Union University
 2. Complete PEWS 240 Introduction to Sports Medicine with 3.0 average or above.
 3. Complete 50 hours of observation time in PEWS 240 Introduction to Sports Medicine (or similar course as approved by the Athletic Training Director) with a positive recommendation from the approved clinical instructor.
 4. 2.5 overall GPA or above
 5. Complete application to program and return it to the athletic training program director by April 1. Applications are available from the ATEP Program Director.
 6. Applicants must submit official copy of all transcripts to the athletic training program director by April 1.
 7. Applicants must complete the athletic training program interview process. This process allows students an opportunity to become acquainted with the Athletic Training Program and allows the interview committee an opportunity to evaluate the student's potential for athletic training education.
 8. Applicants must submit a fully completed Health History and Physical Examination Form (supplied by the Athletic Training Program Director), including the practitioner's examination section qualifying the applicant for Athletic Training Education must be submitted prior to April 1. Documentation of current immunizations, including a tetanus booster within the past 10 years and an acceptable Hepatitis B titer, and evidence of Rubella immunization must be provided. Documentation of a negative screen for tuberculosis (skin test or chest x-ray) within the past 12 months is also required. This data should be submitted on the supplied form before admission to the Athletic Training Education Program.
 9. Current CPR certification (professional rescuer) must be maintained throughout the Athletic Training Education Program.
 10. Applicants must present signed athletic training student agreements as contained in the Athletic Training Student Handbook and application packet available from the Athletic Training Program Director. These agreements must include the following:
 - Technical Standards
 - Athletic Training Student Trainer Handbook acknowledge
 - Hepatitis B Vaccination Election Form
- * Please realize these are minimum requirements in an extremely competitive program. Higher GPA's and clinical experience greatly improve your application.

This form must be returned to the Athletic Training Program Director prior to April 1. Decisions will be made prior to May 10 for qualified applicants as space permits.
