Available on the Jackson, Germantown and Hendersonville Campuses; Leadership in School Reform available online

The purpose of the Education Specialist in Educational Leadership is to prepare leaders who will make a difference as moral agents and sensitive social advocates for the children and the communities they serve; who will focus on the central issues of learning and teaching and school improvement; who will make strong connections as they reflect Christian values with others as individuals and as members of the educational community.

Objectives of the Program

Students in the Ed.S. in Educational Leadership Program will:
1. Demonstrate within their disciplines advanced knowledge and skills.
2. Display competency in the critical evaluation of issues, trends and methodologies.
3. Demonstrate the ability to apply research that extends the body of knowledge in the field.
4. Enhance their ethical decision-making ability through an academic environment integrated with the Christian faith.
5. Build intellectual and moral knowledge to cope with a pluralistic world in order to better serve communities and their schools.

The objectives are met within the context of a set of standards developed by the Educational Leadership Constituent Council of the Council for Accreditation of Educator Preparation (CAEP).

Program Description

The Education Specialist (Ed.S.) in Educational Leadership is offered along three concentrations: (1) Instructional Leadership (IL), a licensure track designed to prepare school principals and supervisors of instruction; (2) Teacher Leadership, a non-licensure track designed for teacher leaders who desire knowledge of concepts and strategies for school and classroom leadership; and (3) Leadership in School Reform, a non-licensure track for educators with a degree, license, or experience in school leadership. The degree is based on Union’s conceptual framework of A Teacher-Student Dynamic of Sensitivity, Reflection and Faith. Union University desires to prepare school leaders who are grounded in and committed to excellence in teaching and learning with values based on our Judeo-Christian heritage.

The Cohort Approach. The program accepts students in groups to pursue each course together in a cohort. Lifelong friendships are developed through this format, and learning takes place in a spirit of unity, rigor, and cooperation.

Program Delivery and Calendar. Students will be accepted into cohorts who will complete the program utilizing an innovative delivery system designed to meet the needs of educators. Ed.S. students will begin the program with a course offered on Saturdays in February and March. The Summer term involves an intensive two months. Time is provided during the summer for library research, group projects, independent reading, and Practicum hours. In the fall, instruction occurs on Saturdays for a course in September and October, followed by other courses offered on Saturdays in November-December. Saturdays are utilized for courses offered January through May. The guiding principle is that students will complete one course before moving to another.

Instructional Leadership students begin the Practicum in their second semester. The Practicum runs through May of the second spring of the program. Students and faculty maintain online contact during the intervening weeks and months in support of course assignments. Saturdays are also utilized for courses offered January through May. In May students complete their Practicum and, with Teacher Leadership students, present their Leadership Growth Papers.

In the final spring semester, IL students take the Praxis II School Leader’s Licensure Assessment (SLLA) for licensure. The program enables the candidates to advance through Tennessee’s licensure system. Passing this test is also a requirement for graduation.

The Leadership in School Reform cohort completes courses online in a predetermined sequence with most activities being asynchronous. Occasionally, School Reform students will be expected to participate in synchronous webinars, which are planned in advance.

Each cohort is presented its unique calendar for the complete program. Current Ed.S. calendars are available at www.uu.edu/eds/.
Curriculum: Ed.S. in Educational Leadership: Instructional Leadership

Prerequisites: Human Growth and Development, Instructional Technology, Educational Assessment and 3 years of teaching experience.

Transfer Credit by Petition: Maximum of 9 Semester Hours may be applied.

Licensure: This program leads to a recommendation for licensure as a principal or supervisor of instruction in the State of Tennessee. It is designed to meet NCATE, ISLLC and State of Tennessee licensure standards in school leadership.

Admission Information

All candidates for admission to the Ed.S. in Educational Leadership must submit a Graduate Studies in Education Application along with a non-refundable application fee ($25), and official transcript(s) showing all course work, completion of baccalaureate degree(s), and all graduate credit previously attempted. Even if withdrawal occurred prior to earning credits and even if those credits do not apply to the current degree being sought, official transcripts must be sent from each institution. Official transcripts should be sent directly to the Office of Graduate Studies in Education. In addition, a completed Certificate of Immunization will be required of all students.

If not documented on an official transcript, the student must complete coursework in instructional technology, human growth and development, and assessment or educational measurement before graduating with the Ed.S.

Admission Criteria. Candidates for admission to the Ed.S. in Educational Leadership must have a minimum of a Master’s degree, three year’s teaching experience, and demonstrated leadership potential as more specifically stated in the following admission criteria.

1. Copy of current teacher license.
2. Grade Point Average—Undergraduate GPA of 3.0 or higher. Prior Graduate GPA of 3.2 or higher.
3. Teacher Licensure—Teacher licensure and three years teaching experience.
4. Student Goals—Goals aimed at becoming a teaching team leader, principal or supervisor.
Graduation Requirements

All students completing the Education Specialist in Educational Leadership must meet the following criteria for graduation.

1. Successful completion of the required 39 semester hours of coursework with a minimum 3.0 GPA in the program.
2. Successful presentation of the Leadership Growth Paper (Teacher Leadership concentration).
3. Successfully complete the required Practicum or Internship.
4. The candidate for the Ed.S. degree (Instructional Leadership track) MUST PASS the Praxis II SLLA test in order to complete the Ed.S./Instructional Leadership program. The test will be taken in the second year of the program; results should be received prior to graduation so that the candidate will know if he/she will complete the Instructional Leadership license. If the test is not passed, the candidate can receive the Ed.S. in Teacher Leadership (non-licensure).

Students who have completed the Union Education Specialist Degree (Ed.S.) and desire to return to complete the Ed.D., after having met doctoral admission standards, must complete a set of two “bridge” doctoral seminar courses before enrolling in the final 21 hours of doctoral research courses. The courses are EDR 707, Leadership Research Seminar, which includes the Qualifying Paper, and EDU 711, Seminar in Politics, Policy, and Instruction. See the Ed.D. program section for admission criteria and course descriptions.

If the student fails to attain the required minimum 3.0 GPA during the probationary semester, the student will be suspended from the Ed.S. Program. While suspended from the program, the student may repeat courses in which a grade of B, C, or F has been earned in an effort to improve the GPA. The student may apply for readmission to the Ed.S. Program after the cumulative program GPA has been raised to 3.0 or higher.

A student suspended from a graduate program is not eligible for Veterans Administration Benefits.
Financial Information

The following payment plans are available for students in the Ed.S. program.

1. Full payment may be made for the program of 30 semester hours. Tuition must be paid on an individual basis for courses required for completion of the program that are in addition to the required 30 semester hours.
2. Payment may be made by the semester with at least 50% due before classes begin and the balance due one month later.
3. Monthly payments may be made using the FACTS Plan, an automatic debit from your account.

Tuition and Fees. Tuition will be $565 per semester hour.
IL Portfolio Fee (when applicable): $150
Application Fee: $25

Financial Aid. Financial aid information for graduate students is available on our website at http://www.uu.edu/financialaid/graduate/. Generally, graduate students may be eligible for Federal Direct student loans or private alternative student loans, depending on the program of study and the eligibility of the borrower. Union University is also approved by the Department for Veterans Affairs to offer educational benefits to veterans, reservists, and dependents of veterans who qualify for Veterans Benefits. Any person who qualifies for VA Benefits should check with the Office of Student Financial Planning as soon as possible after acceptance into a graduate program.

Course Descriptions: Education (EDU)

600. Community Involvement in School Improvement (3)
A course designed to explore methods of increasing public engagement. Community, school, student, and parental values are explored with a view toward shared accountability for school improvement. Issues related to diversity within the community, schools, and learners will be addressed.

606. Accountability for Greater Student Learning (3)
This course views accountability as a joint effort between instructor and student. The following areas have been identified as essential factors in improving student performance: multiple methods of instruction, the use of formative evaluation, student perceptions, self-observation and critical reflection (teacher and student), and creative avenues for communicating content mastered.

613. Brain-Based Learning (3)
An emphasis on creating authentic learning situations that address the brain’s need for meaning, patterns, and connections. Teaching strategies that create a classroom climate that presents learning in a relaxed and non-threatening manner are essential to brain-based learning.

702. Engaged Learning (3)
A contemporary account of the principles of learning with emphasis on engaging the learner in the classroom. Topics: Concepts of teaching, learner characteristics, designs for learning environments, and effective teaching. Research in cognition, learning, and teaching forms a foundation for the course.

703. Supervision (3)
Analysis of supervisory models and techniques, management techniques and group processes, staffing patterns and organizational structures to support teaching and learning. Students develop skills in all aspects of instructional planning.

706. Organizational Decision Making (3)
Theoretical approaches to understanding complex organizations are examined and applied to educational organizations, drawn from organizational theory, development and behavior. Students develop effective solutions for interpersonal, structural, and organizational problems experienced in contemporary educational communities. Strategic planning for educational change, including technological, is studied.

707. Legal Issues in School Governance (3)
Areas of the law as it impacts school administrators are studied, including, but not limited to, sources of the law and the courts, the law and students and educational personnel, desegregation and its effects, school finance issues and school district liability, federal law and regulations involving special education.

708. Curriculum and School Improvement (3)
Study and evaluation of modern practices and strategies in curriculum development with the emphasis on school improvement. The process of curriculum planning with a focus on system accountability and student learning is studied.

714. Leadership Issues I: Theories and Strategies (3)
A thorough introduction to the essential issues of educational leadership including strategic planning, theories of leadership development, the change process, school improvement, comprehensive reform in schools, systems perspectives and more.

715. Leadership Issues II: Planning and Finance (3)
Prerequisite: EDU 714
An application of leadership issues related to planning and finance, including school improvement planning, policies for equity and diversity, the management of collective bargaining, fiscal and non-fiscal resources for districts, budget planning and management collaborative planning, use of media and more.
Purpose and Plan for Action Research (3)
Purpose and Plan for Action Research exposes students to the basic principles of action research. Emphasis is given to what constitutes action research and how it differs from other types of research. Topics include the process of scientific inquiry and data-driven decision making in an era of school reform. Students will learn how to generate research questions, collect and analyze data, and evaluate programs. Students will develop their own research projects, using relevant ideas based on the evaluation of initiatives in their own schools or school districts.

Entrepreneurial School Leadership (3)
In this course, students will learn the entrepreneurial side of school leadership. Emphasis will be placed on the school structure of charter schools and independent schools, especially the organizational differences between these types of schools and traditional public schools. Topics will include financing, student enrollment, and legal issues related to non-traditional and for-profit schools. Students will investigate the attributes of an entrepreneur (such as vision casting, risk taking, and innovating) and determine how these could be applied in the age of school reform.

The Changing Superintendency (3)
This course examines leadership at the superintendent/director of schools level, and includes study of the impact of school reform on public and private education. Topics include leadership theory and behavior, organizational development, and change. Students study the diagnosis of organizational needs and identification of challenges and solutions at both the interpersonal and institutional levels.

Teacher Leadership (3)
This course examines practical perspectives on school administrators’ leadership of teachers. Topics include the study of professional learning communities, mentoring, and coaching. Various strategies for selection and development of leaders are examined. Concepts include stewardship, servant leadership, transformational leadership, gender, and ethnicity.

Faith and Ethics in Educational Leadership (3)
A critical analysis of faith issues, ethical decision-making, worldview frameworks and values questions in the context of schools and educational leadership, especially in the public sector but not excluding the private. Techniques and tools are identified and practiced to analyze, clarify and evaluate ethical issues within educational contexts.

Leadership Growth Paper (3)
The Leadership Growth Paper is the culminating experience of the Ed.S. Program. The paper affords the Educational Leadership student the opportunity to engage in action-oriented research on a problem tied to school improvement. The problem is identified in EDU 708, and data is collected at the school or school system level. This course provides a context for completion of the paper by Curriculum and Supervision students.

Leadership Internship (3)
Prerequisite: Approval from Office of Graduate Studies in Education.
The internship for the Administration and Supervision concentration of the Ed.S. in Educational Leadership is a five-month, mentored experience involving two or more settings and multiple levels with an introductory field practicum of one month. It is the application in a workplace environment of the strategic, instructional, organizational and contextual leadership program standards. Students develop and present a “Leadership Growth Paper” in the context of their internship work.

Leadership Practicum I (1)
Prerequisite: approval from Office of Graduate Studies in Education. The practicum for the Administration and Supervision track (Standard Route) is an eight-month, mentored experience in a cooperating school system. It is the application in a workplace environment of the strategic, instructional, organizational and contextual leadership program standards. Students develop and present the “Leadership Growth Paper” in the context of their practicum work. Pass/Fail.

Leadership Practicum II (1) and III (1)
Continuation of 737 using a graded format

Leadership Development Research Project I (3)
Students critique and present new and original research relevant to leadership development. The goal is to develop a community of scholars for dialogue, presentation, and exhibition while including seminal issues in the field.

Leadership Development Research Project II (3)
Prerequisite: EDU 741
Students critique and present new and original research relevant to leadership development. The goal is to develop a community of scholars for dialogue, presentation, and exhibition while including seminal issues in the field.

Seminar: Seminar in Multicultural and Diversity Issues in Education (3)
A seminar course dealing with the theoretical and applied bases of educational administration in multicultural contexts. Students examine through readings the needs and characteristics of various cultural groups with the focus on translation to practice and policy.

Education Research (EDR)
Research Issues in Educational Leadership (3)
Students learn to locate, critique, and report research findings; apply introductory methods of analyzing, synthesizing and evaluating research evidence; compare types of qualitative and quantitative educational research; and design a “Leadership Growth Paper” utilizing action research in an educational leadership context.
