Mission Statement
The mission of the Department of Music of Union University is to offer studies in music for all students and to enrich the cultural environment of the University and community. This mission is in keeping with a traditional liberal arts education.

Admission Requirements for Music Majors and Minors
A successful audition is required by the Department of Music in order to earn a degree in music (BM, BA, or BS) or the music minor. The audition will also be used to determine eligibility for financial aid for those pursuing a music degree. Criteria for admission include (1) demonstrated potential in a performance area, (2) basic musicianship, including sightreading skills, and (3) a clear sense of purpose as reflected in an interview as part of the audition process. An examination in the area of basic theory will be administered for placement into the correct theory course. A functional keyboard examination will be given to non-keyboard majors for keyboard placement.

Freshmen admitted to the department may declare any of the majors except performance. Students who wish to pursue the performance program will petition the applied faculty at the board examination at the conclusion of the second semester of study. The applied faculty will assess the student’s achievement and potential and will admit the student to the performance major or recommend that the student choose another major within the department.

All transfer students must complete the same application and audition processes outlined above. Transfer students with 8 or more hours in principal applied studies will register for MUS 250 during their first semester at Union. At the end of the semester, the student will perform a sophomore board examination to determine application of this course and future applied studies.
