**General Information**

The Director of the BSW Program is responsible for overall administration of the Program. The director is available during office hours to answer questions regarding the program, employment opportunities, professional associations and licensures, and other questions related to the social work profession.

The BSW Field Director has primary responsibility for the field education component of the Program including implementation of field processes and procedures and maintaining effective working relationships with sites, field instructors, and students.

Agency Field Instructors supplement the educational program in social work by providing supervision to senior students who are completing 424 hours of field work in an approved agency. These instructors provide on-the-job instruction and supervision, hold regular conferences with the student, and assist in the evaluation of student performance and learning. A fee of $100 is charged to the student the semester they are enrolled in SW 423, Senior Seminar.

A student who is completing agency field experiences as part of the requirements in social work practice courses will be required to purchase Professional Liability Insurance. The annual fee, approximately $25.00, will be charged to the student’s account during the semester in which he/she is registered for these courses.

The BSW Program Student Handbook, available in the office of the Director and on the School of Social Work website (www.uu.edu/socialwork), describes all aspects of the program including an introduction to the profession, Union’s program objectives and goals, curriculum, admission and termination/probation policies, transfer policies specific to CSWE accredited and non-accredited schools, grievance procedures, student organizations, and student rights and responsibilities. The Handbook details, in full, the circumstances under which the student may be placed on probation or terminated from the program, if, in the professional judgment of the Social Work faculty, violations of professional or ethical codes have occurred or in the event of unacceptable academic achievement.

**Social Work Agency Agreements**

All social work majors are required to obtain professional social work field experience in a local community agency. Numerous local social service agencies provide the setting for this practicum. The BSW Field Placement Manual clarifies expectations regarding this experience and identifies the cooperating agencies. It may be obtained from the Social Work faculty or on the website of the School of Social Work at www.uu.edu/socialwork.

**Student Organizations**

The student organization, Social Work Reaches Out, is for majors in social work and those interested in social work. The organization assists in developing professional social work identity and provides an opportunity to be involved in volunteer community social service. Service opportunities include child mentoring and advocacy, nursing home activities, community organizing, and resource development. The organization gives students regular opportunity to interact with others having similar interests.

Phi Alpha, National Honor Society for Social Work Students, Eta Phi Chapter, fosters high standards of education for social workers and invites into membership those who have attained excellence in scholarship and achievement in social work. Students with an overall GPA in the top 35% of all graduating BSW majors are considered for membership. Other criteria for membership include professionalism, experience in field practicum, and leadership in the social work program. Students will be invited for membership at the end of their final fall and/or winter semester.

**Student Awards**
