Admissions Policies

Adults who have already taken college courses will apply to Union as transfer students if they have completed more than 24 semester hours of transferable credit. See below for additional details. Otherwise, the applicant must meet freshman admission requirements as detailed in the Catalogue, making application to the Office of Admissions or through specific program admission processes and unique requirements for entry within parent departments.

Transfer Students

The academic status of a transfer student will be based on his/her cumulative GPA of all accredited post-secondary work attempted. The admission file of a student having less than a 2.0 cumulative GPA will be presented to the Undergraduate Admissions/Readmissions Committee or through the parent department's Admissions/Readmissions Committee, if applicable. The student may be denied admission, admitted on probationary status (as stated in the Undergraduate Catalogue), or admitted in good standing. The determination of the above decision shall be the full academic record, recommendations, and the explanation of any extenuating circumstances.

Before admission into Union University may be granted, an adult transfer student must file the following information with the appropriate program director/coordinator:
1. A completed admissions application.
2. Application fee (non-refundable), $25.
3. A completed official transcript from all institutions of higher learning attended.

Before registration for courses, a student must be admitted to the University or be granted status as a “provisional student” (as stated below).

Provisional Students

Students may be admitted on a provisional basis to allow those with acceptable credentials, but without immediate access to official documents, to register for classes. “Provisional Status” means that a student may be allowed to register for a course(s) for which he/she is qualified but will not be formally admitted into the program until such time that all work completed or attempted by the provisionally admitted student is fully documented in the Registrar’s Office.

The provisionally admitted student will be bound by all the same academic requirements imposed upon regular matriculated students involving prerequisites, amount of work, and quality of work.

According to federal guidelines, Union University is not allowed to file financial aid and Veterans benefits enrollment forms on provisionally admitted students. The student will not be eligible to graduate with provisional status until the status has officially been changed and approved by the Registrar.

The student can remain on provisional status for only one full semester and the short term (winter, summer) that immediately precedes or follows that semester unless special circumstances exist and permission for an extension is granted by the program director or coordinator. Provisional admission to take a course(s) does not guarantee full acceptance into a program of study. A personal conference with the Program Director is required before the student is accepted for admission on a provisional basis.

Financial Policies

Tuition and payment plans are program-specific; see the program director/coordinator of your program. Union University reserves the right to change the tuition and fees without notice.
