

Travis Wales

Senior Seminar Project

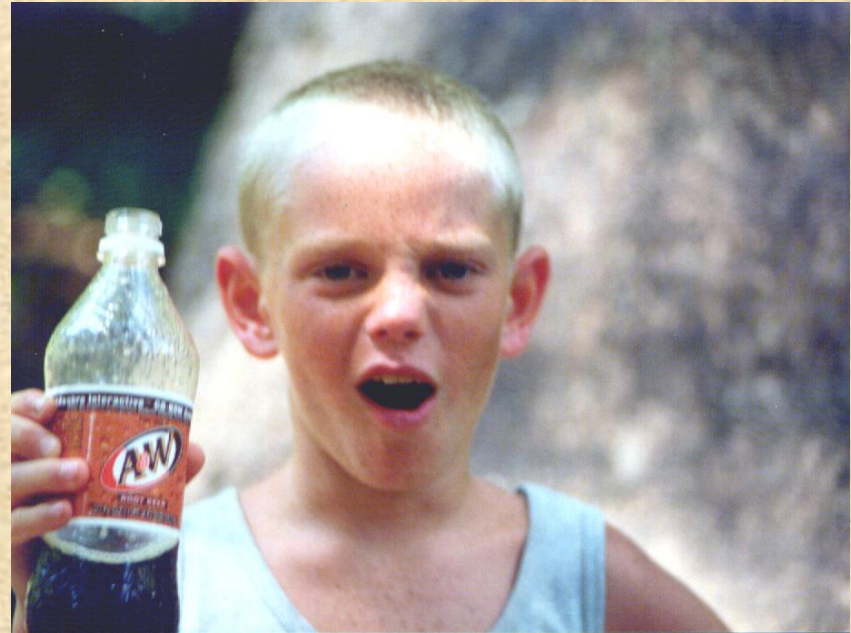

Overview

Eastside Summer Camp
Web Page

Goals

- Picture Gallery
- Streaming Media
- Threaded Message Board

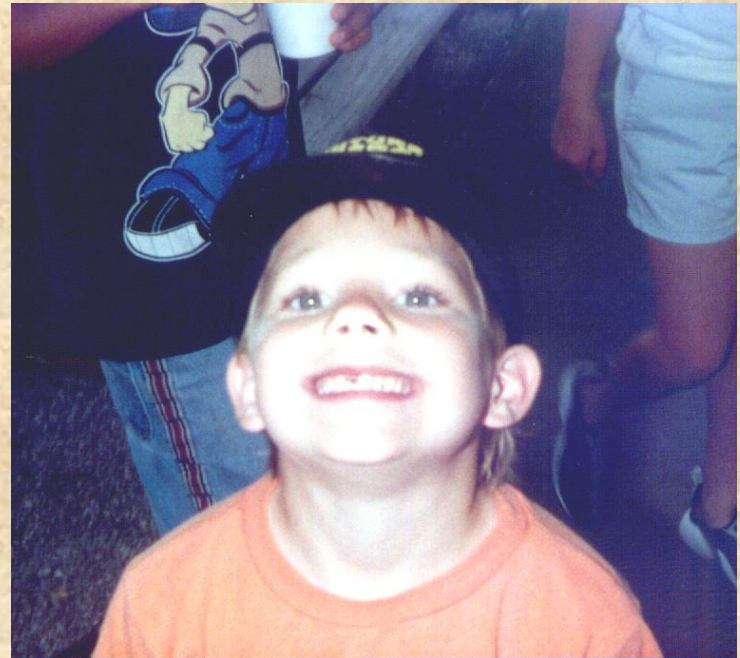

Principles to follow...

- Simple and Fun
- Easy Navigation
- Quick Download Time

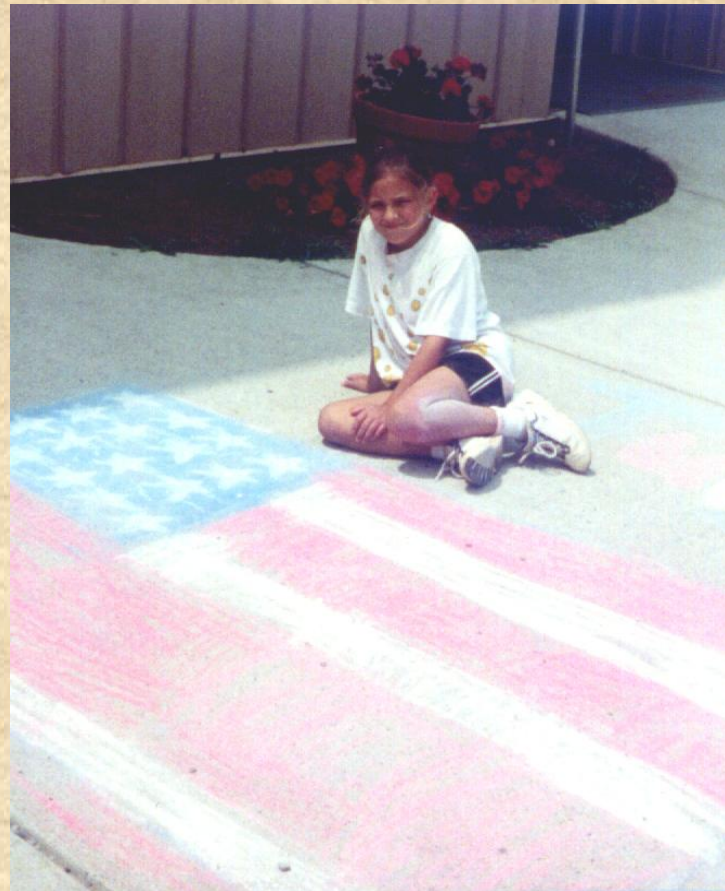

Website Tools Used

- General Web Construction Tools
 - Microsoft FrontPage
 - Ultra Dev
- Photo Section
 - Ultra Dev
 - Image Pro

Webpage Tools continued...

- Streaming Video
 - Bryce 5.0
 - Real Producer Plus
 - Real Player
- Streaming Music
 - Real Producer Plus
 - Real Player
 - Audio Catalyst
 - QuickTime and Winamp

The things I learned

- Design
 - Be Organized
 - it saves time.
 - Viewability
 - Frames
 - Structuring Table

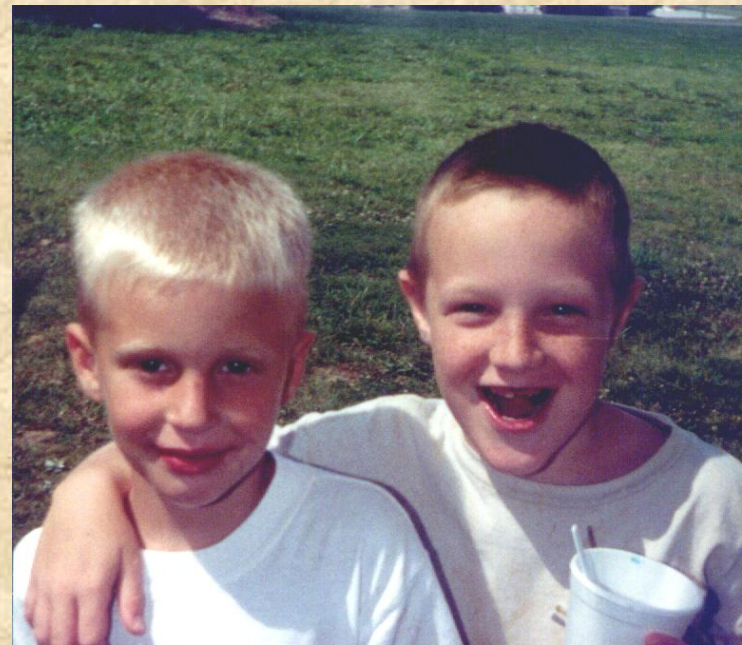

The things I learned, continued...

- Software
 - Can be your best friend or your worst enemy.
 - Reduces overhead.
- Streaming Media
- Threaded Message Board
 - Difficult
 - Compatibility Issues

Obstacles

- Server incompatibility
 - CGI
 - ASP
- Overcame through Compromise
- Learning Software
- Overcame through time.

What would I do differently?

- Invest more time in design.
 - Draw out my first few pages.
 - Get others' Input.
- Use Flash
 - To splice images
 - To create gif.'s

In the Future...

- Create an Administration front side for Picture uploads.
- Add Flash aspects to the site.
