CONNECT CAMP *for* MATH

Bridging the connection between 8th grade math
and freshmen algebra in high school

Students who are successful in Algebra I their freshmen year are more likely to graduate high school and go onto college. Connect Camp will strengthen students’ math skills and position them on the path to success.

At Union University in Hendersonville, we want to help students strengthen their math skills so they are successful in high school, and beyond. Connect Camp offers four days of exploration, hands-on application, and fun to prepare students to make the connection between 8th grade math and Algebra I.

CONNECT CAMP WILL FOCUS ON

- Arithmetic skills essential to success in algebra
- Problem solving strategies
- Foundational competencies in beginning algebra such as combining terms, simplifying expressions, and solving and graphing equations
- Quantitative and abstract reasoning through the use of words, symbols, tables, and graphs

WHEN?

- 8 a.m. – 5 p.m. | Monday – Thursday, July 23 – 26
- Union University Hendersonville, 205 Indian Lake Boulevard

WHO SHOULD ATTEND THE CAMP?

- Students entering the 9th grade in the fall who want to enter high school prepared to succeed in Algebra I.
- Space is limited. A maximum of 30 students will be accepted.

WHAT IS THE COST?

- The cost is \$169 for students.
- The camp fee covers all costs for the four-days including instructional materials, camp T-shirt, lunch, refreshments, and local field trips.

Who is leading Connect Camp?

Dr. Chris Hail will lead Connect Camp. For the past 24 years, he has been teaching mathematics at Union University and previously taught mathematics at the middle school and high school levels. Dr. Hail believes that students learn best when they can form connections between mathematical concepts and skills, representations of mathematical ideas, and real-world applications. He encourages students to explore building these connections and enjoy using their math skills outside the classroom.
