## MASTER PLAN **PHASE ONE** A Phase one of the plan will include a new academic building west of White Hall. B Another key component to phase one will be a new chapel on the eastern edge of campus that will anchor the Great Lawn and will be a highly visible representation along Highway 45 Bypass of Union's Christ-centered mission. **G** The first phase also includes a welcome center at the entrance on Pleasant Plains Drive that will house the office of undergraduate admissions. This will be the first stop for prospective students visiting campus and will allow Union to showcase the beautiful Great Lawn at the beginning of campus tours. In addition, phase one will include entry monuments similar to Miller Tower (although smaller in scale) at key locations to identify the extent of campus, ornamental fencing to define the campus edge, reconfigured parking, and other aesthetic improvements. # **PHASE TWO**

- Phase two of the plan will see the addition of a new convocation center on the Great Lawn that will accommodate on-campus commencement ceremonies and special events. It will also include a gymnasium for athletic contests and will provide space for community events.
- E The second phase will also include a new academic building east of the convocation center, as well as landscaping and outdoor amenities in each residential quad courtyard and tree planting along the Highway 45 Bypass.

MASTER PLAN **PHASE THREE** Phase three of the campus master plan will see completion of the Great Lawn and its extension from Pleasant Plains Road to the Highway 45 Bypass. This phase will include the removal of the Penick
Academic Complex and the construction of three
new academic buildings to replace it, in addition
to the creation of open space that will become an extension of the Great Lawn. Pedestrian Landscaping Building Landscaping Open Space Landscaping BE TRANSFORMED uu.edu
