- The URL is included for an online article only if the professor requires it or locating the article by author and title would be too difficult. If the URL is required, add it at the end of the citation, after the date of access, in the form given above for Website.
- Arrange the items on your reference list **alphabetically** by **author**, interfiling books, articles, etc.
- Indent the second and following lines 5 spaces (or one half inch).
- If no author is given, start with the title.
- Abbreviate the names of all months except May, June, and July.
- If the **paging** of a **magazine** or **newspaper** article is not consecutive but instead is continued elsewhere in the issue, include only the first page followed by a plus sign (ex. **25+**).
